**ABOUT THE MONTH OF ELUL**

Elul is the 12th and final month in the Jewish calendar. It is a month that connects the past year with the coming year—a time when we reflect on where we stand and where we should be going. It is called “the month of repentance,” “the month of mercy” and “the month of forgiveness.” Elul follows the two previous months of Tammuz and Av—months of tragedies that were brought upon us through our sins. These were days when G d revealed to the Jewish people great mercy. Since then, this time has been designated as a time of mercy and forgiveness, an opportune time for teshuvah—repentance.

**ABOUT THE MONTH OF TISHREI**

Tishrei, the first month of the Jewish year is full of momentous and meaningful days of celebration. Beginning with the High Holidays, in this month we celebrate Rosh Hashanah, the Ten Days of Repentance, Yom Kippur, Sukkot and Simchat Torah. Each one is filled with its own meaningful customs and rituals. But all of these days, throughout the month of Tishrei, are opportunities to connect, to be inspired, and to become more fulfilled and in tune with our true inner selves. Tishrei is considered the “head” of the year, and the reservoir from which we draw our strength and inspiration throughout the year ahead.

**ABOUT THE MONTH OF CHESHVAN**

Mar Cheshvan (sometimes called Cheshvan) is the second month of the Jewish calendar counting from Rosh Hashanah Cheshvan is the only month that does not have any holidays or special mitzvot. We are taught that it is “reserved” for the time of Moshiach, who will inaugurate the Third Temple in the month of Cheshvan. This month is the anticlimax of the previous month of Tishrei. With so many holidays and spiritual experiences, it was a feast for the soul—a vacation of sorts. Now, as we enter the month of Cheshvan, real life begins, back to the daily “mundane” grind. This is the time to take the inspiration and all that we gained in the month of Tishrei and integrate it into our lives, learning how to balance the spiritual and the physical elements of our life in unison and harmony.

### ABOUT THE MONTH OF KISLEV

Kislev is the third month on the Jewish calendar. It is best known for the holiday of Chanukah, which begins on 25 Kislev. The message of Chanukah is the eternal power of light over darkness—good over evil. Aside from commemorating the miraculous victory of the small Jewish army over the mighty Syrian-Greek empire, Chanukah celebrates the miracle of the oil. In this month, we celebrate the redemption of Rabbi Schneur Zalman of Liadi, the founder of ChabadChassidism, who had been imprisoned on false charges by the czarist regime. These charges were reflective of spiritual charges brought against him for openly teaching the deepest insights of Torah. On the 19th of Kislev, he was freed, paving the way both physically and spiritually to continue teaching Chassidism. This day is referred to as the “New Year of Chassidism.”

**ABOUT THE MONTH OF TEVET**

Tevet is the fourth month on the Jewish calendar. Its name, which is mentioned in the book of Esther, was acquired in Babylonia, and shares a root with the Hebrew word tov, meaning "good. The 10th of Tevet is a fast day, commemorating the start of the siege of Jerusalem in the year 3336 (425 BCE), which led to the destruction of the first Beit Hamikdash (Holy Temple) two-and-a-half years later on the ninth of Av. On a fast day, the Divine attribute of mercy is able to be drawn down into this world. By fasting over the destruction of the Temple, one "sweetens" G d's anger with Israel, the cause of the destruction. As such, a fast day is not really a sad day, but an opportune day. It's a day when we are empowered to fix the cause of that first destruction, so that our long exile will end, and we will find ourselves living in Messianic times. May that be very soon.

### ABOUT THE MONTH OF SHEVAT

Shevat is the fifth month on the Jewish calendar. The high point of the month is the holiday of 15 Shevat, known as the "New Year for Trees." This is the day when the sap begins to rise in the fruit trees in Israel—the start of a new growing season. We mark the day by eating fruit, particularly from the "Seven Kinds" with which Israel is blessed (wheat, barley, grapes, figs, pomegranates, olives and dates). Shevat contains two important dates on the Chassidic calendar. The 10th of Shevat marks the anniversary of the passing, in 1950, of the sixth Lubavitcher Rebbe, Rabbi Yosef Yitzchak Schneerson, of righteous memory. On the same date, exactly one year later, Rabbi Menachem Mendel Schneerson, of righteous memory, assumed the mantle of leadership and became the seventh Rebbe. The 22nd of Shevat is the anniversary of the passing, in 1988, of Rebbetzin Chaya Mushka Schneerson.

### ABOUT THE MONTH OF ADAR

Adar, known as a month of celebration and happiness, the late-winter month of Adar contains the joyous holiday of Purim that takes place mid-month. Purim, however, isn't the only thing that makes Adar special. The Talmud tells us that "when the month of Adar arrives, we increase in joy" to welcome a season of miracles. Accordingly, the Talmud tells us that this month is fortuitous for the Jewish people. The Hebrew name "Adar" is related to the word "adir," which denotes strength and power. The Rebbe, Rabbi Menachem M. Schneerson, points out that the term adir is used to refer to the Jewish people. What could be more apropos for the month when the Jewish people's fortunes are strong? The zodiacal sign (mazel) for Adar is Pisces, or dagim in Hebrew. In Jewish tradition, fish are a sign of blessing and fruitfulness. Also, just as fish live in water, the Jewish people thrive when immersed in the Torah, which is compared to life-giving water.

### ABOUT THE MONTH OF NISSAN

Nissan, the first month on Jewish calendar according to the Torah. The Torah calls it chodesh ha-aviv—the month of spring, as it marks the beginning of the spring months. It is in this month that we celebrate the eight-day holiday of Passover, from the 15th through the 22nd of Nissan. It commemorates the Jewish people’s miraculous redemption from slavery in Egypt, and the birth of the Jewish nation. It took seven weeks—49 days—from when the Jewish people left Egypt until they received the Torah from G d at the foot of Mount Sinai, celebrated today as the holiday of Shavuot. It is explained that the 49 days that connect Passover with Shavuot correspond to the 49 drives and traits of the human heart. Each day saw the refinement of one of these sefirot (“traits”), bringing the people of Israel one step closer to spiritual perfection.

### ABOUT THE MONTH OF IYAR

Iyar is the second month on the Jewish calendar counting from Nissan. Although Iyar does not contain many "special days," every single day of the month is included in the Sefirat HaOmer counting—the mitzvah to count each of the 49 days between Passover and Shavuot. The 14th day of Iyar is Pesach Sheni, "the second Passover." The Torah describes how G d created this holiday at the request of those who, for reasons beyond their control, were unable to offer the paschal sacrifice in its proper time. One month later, they received a second chance. Pesach Sheni reminds us that it's never too late. The 33rd day of the Omer (18 Iyar), known as Lag BaOmer, marks the anniversary of the passing of Rabbi Shimon bar Yochai, author of the Zohar, the basic work of Kabbalah. Rabbi Shimon bar Yochai instructed his disciples to mark the date as "the day of my joy," the moment when his life's work reached its culmination.

**ABOUT THE MONTH OF SIVAN**

Sivan is the third month on the Jewish calendar counting from Nissan. Rosh Chodesh Sivan is distinguished as the day on which the Jewish people arrived and camped before Mount Sinai. Every year on the holiday of Shavuot, we renew our acceptance of G d's gift, and G d "re-gives" the Torah. The holiday of Shavuot is a two-day holiday, beginning at sundown of the fifth of Sivan and lasting until nightfall of the seventh of Sivan. The word shavuot means "weeks." It marks the completion of the seven-week counting period between Passover and Shavuot. The mitzvah to count each of the 49 days between Passover and Shavuot—known as Sefirat HaOmer—is a period of introspection and self-refinement, as we prepare ourselves to receive the Torah anew on Shavuot. Each day of counting represents another step in this spiritual journey.

**ABOUT THE MONTH OF TAMMUZ**

Tammuz is the tenth month in the Jewish calendar. The month of Tammuz begins the "season" of the summer. The three months of this season are Tammuz, Av and Elul. The 17th day of Tammuz—a fast day that commemorates the day when the walls of Jerusalem were breached by the Romans (in 69 C.E.)—marks the beginning of a period known as "the Three Weeks." This is an annual mourning period, when we mourn the destruction of the Holy Temple and the cause of our current ongoing exile. It reaches its climax and concludes with the fast of the Ninth of Av, the date when both Holy Temples were set aflame. G d is our Father, and we are His children. We have been expelled from our Father's home, and our relationship is strained. This is certainly not the way the relationship should be—and this wasn't always the case. There was a time when we were coddled by our Father's embrace. His love for us manifested itself in many forms, including miracles, prophets, abundant blessings, and a land flowing with milk and honey.

### ABOUT THE MONTH OF AV

The name of the fifth month on the Jewish calendar, Av, literally means “father.” It is customary to add the name “Menachem,” which means “comforter” or “consoler”—so Menachem Av. In this month, both Temples were destroyed and many other tragedies occurred. Yet our Father in heaven is there to comfort and console us. Av includes a “low point” on the Jewish calendar—the Ninth of Av, the day of the sin of the spies, and the destruction of both the First and Second Temples in Jerusalem. But it also incorporates a “high point”: the 15th of Av, a day designated for finding one’s predestined soulmate, and one of the happiest days on the Jewish calendar.
